The lounge chair came about by combining inspiration from two iconic chairs of early modernism: the 'Thonet Bentwood Armchair' by Michael Thonet and the 'Spanish Chair' by Børge Mogensen. The combination of these two classics resulted in something new – just as elegant as the Thonet and as comfortable as the Spanish Chair.

## About the Designer

Afterroom is a Stockholm-based design studio, respecting wear and tear and the passage of time. Founded and directed by Hung-Ming Chen and Chen-Yen Wei, the studio's mission is simply to create beautiful products which will increase in value with the passage of time – design with which one can grow old. The inspiration derives from an intriguing interest in forms, senses, proportions, materials and cultures. The philosophy pivots around simplicity and honesty.
