

## TIP LAMP – EU VERSION

JENS FAGER ON THE DESIGN Tip is a simplistic and friendly lamp featuring a characteristic architectural silhouette. During the design process, we focused on polishing every single detail, and the lamp's functionality. I wanted to reduce the lamp's design to the very essence of its purpose - intending to create a product that anyone would understand and be able to use in their daily lives. The molded aluminum material gives Tip a clean and precise look, highlighting its appearance of quality.
